

OMEGA

For those who prefer to Splash around and around, the 4-foot Omega is the right pool to shape up any backyard. And like a perfect circle, the fun never ends for your family.

When the popularity of the round pool is combined with the unsurpassed quality of Splash construction, ease of assembly, and a 20-year warranty, you are left with only one choice, the Omega that offers you the best value in cost per square foot of swimming enjoyment.

Available Sizes:
12', 16', 20', or 24' diameter available

MADE WITH PRIDE

Our pools are made with pride in the USA.

THE ORIGINAL

Splash produces more lengths, widths, diameters and heights than any other above ground pool manufacturer on the planet. And we've made this type of pool for over twenty years longer than our nearest competitor.

Let us introduce our family to yours!

SUPERPOOL

There are very few things that will bring your family together more often than a swimming pool, and that's something we know a lot about. Splash SuperPools have been bringing families together for over 30 years. We were the original soft sided above ground pool in the industry and our products have stood the test of time. The SuperPool is constructed of a durable polyester reinforced liner and a rugged, galvanized steel support structure. Its patented structure design allows the walls to move and absorb the roughest waves generated from the most exciting water volleyball games. You won't find an easier pool to install than your SuperPool. The unique SuperPool eliminates the need for nuts, bolts, or tools for installation. Any Splash pool can typically be set up and ready for water in about an hour. Most pools are set up with two family members. Or, if putting your pool together isn't your thing, ask your dealer for some help. Splash SuperPools, like the families that enjoy them, come in a variety of sizes.

You can be assured of getting the SuperPool that fits your needs, your lifestyle, your backyard, and your budget. The SuperPool is 4' deep, that's 4' of water! Splash SuperPools are the perfect way to beat the heat, and a super way to entertain family and friends of all ages. Splash SuperPools are an oasis in your own backyard!

Standard Sizes:

9'x17' 9'x41' 13'x17'
13'x21' 13'x25' 17'x29' 21'x41'

Custom Sizes Available!

SUPERPOOL

TITAN

Our engineering team was given a near-impossible task: Start with our best selling SuperPool line but make it more affordable. We're proud to say, they did it! The Titan takes a slightly different approach to creating one of the best liners in the business and leaves you with nothing to be desired. The Titan is the ultimate blend of beauty, strength, and portability. It's equipped with the Splash safety ladder, skimmer, hoses and galvanized support structure. The comprehensive, 7-year warranty assures you of family enjoyment for many years to come. The Titan is 4' deep.

Available sizes:

9'x17' 13'x21' 13'x25' 17'x29'
Round sizes:
16', 24'

Be sure and ask about our extensive line of exclusive Splash accessories made just for the Splash family of pools.

20 Year Warranty!
